Oak Mountain Academy Rising 4th Grade Summer Reading Assignment Summer 2020

Welcome to Fourth Grade! Below you will find the suggested summer reading assignments. Strong readers are built with practice. Students should complete the assigned reading prior to the first day of school.

Suggested Reading:

- Minimum of two chapter books of varying genres (student's choice)
 - * The books chosen should be grade level appropriate and of interest to the student as well as books the student has not read before.

Directions:

Students will read their chapter books of choice. After a book is read, the student should write down the author's name and the title of the book as well as the completion date of the book. This information will be turned in when we return to school.

It is encouraged that students take simple notes or draw pictures of MAIN characters, events, settings, and important details as they read the book. This will help tremendously with any "in-class" book assignment(s) the students will be completing when the school year starts.
